PROSPECTUS OF THE

THE undersigned propose, on the first day of January next, at Raleigh, North Carolina, to begin the publication of the North Carolina Statesman, a semi-weekly and weekly paper, devoted to politics, news, and miscellaneous subjects, and respectfully solicit for it a share of the patronage of the democratic party, their friends, and the

Invited by many leading persons of the State rights republican party to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of gov-ernment, and inspired with a sincere desire to serve that party and advance its interests, we pro-pose to issue a paper at the seat of the State gov-ernment. In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who choose to ente into fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attrac-tions of the editorial profession and its honorable toils, together with a desire to extend its influence. have made—a profession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a journal, conducted with fairness and discretion-uninfluenced by selfishness and devoted to principle, may secure sufficient patron

question of the most absorbing interest, we be-lieve it should be at once met and settled. The unjust and unequal legislation of Congress, in re-lation to those lands, and the large and frequent appropriations made to the new States, indicate a final departure from the old and wise policy of appropriating the proceeds of their sales to the pay-ment of the public debt, and the expenses of the government. It has for some time ceased to be either a subject of hope or expectation that there will ever be a return to a policy which had so much to recommend it. Believing that this system of squandering and prodigality is not only to continue but to grow worse, we shall pretest against it, and assert the right of the old States to their equitable share of the lands which remain The power "to dispose of the public lands being explicitly declared in the Constitution, the exer cise of that power is a question of policy, both as to the time and the mode." Believing, as we do, that it has become the settled policy of Congress to squander the public lands, we adopt the patriotic language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and democrats, should protest, and demand North Caro-

A T first the properties attributed to Professor Morse's Invigorating Elixir or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths announced by the discovery. inced by the discoverer. evils arising from a misuse of the various organs which make up the wonderful machine called paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only re-

move the disorder itself, but REBUILD THE BROKEN CONSTITUTION REBUILD THE BROKEN CONSTITUTION
The derangements of the system, leading to nervous diseases, and the forms of nervous diseases, and the forms of nervous disease itself, are so numerous that it would require on this road and the Washington railroads, the fola calumn to enumerate the maladies for which this preparation is a specific. A few, however, may be enumerated, viz: neuralgia tic-doloureux, headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility, tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental de-pression; weakness of the will, indisposition to ove, faintness after exercise, broken sleep, and terrifying dreams, inability to remain in one place or position, weaking of the procreative organs sexual incompetency, melancholy, monomania fluor albus, sinking at the stomach, female irre gularities, a chronic tendency to miscarriage emaciation, and all complaints growing out of a free indulgence of the passions, and all barrenness that does not proceed from organic causes beyond the reach of medicine.

MORSE'S INVIGORATING ELIXIR
Will replace weakness with strength, incapacity
with efficiency, irregularity with uniform and natural activity, and this not only without hazard of
reaction, but with a happy effect on the general
organization. Bear in mind that all maladies, wherever they begin, finish with the nervous sys-tem, and that the paralyzation of the nerves of

CURE OF NERVOUS DISEASES. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the diseased, debilitated, and which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivined, and built up. The mental and physical symptoms of nervous disease vanish together under its influence. Nor is the effect temporary; on the contrary, the relief is perma-nent, for the cordial properties of the medicine reach the constitution itself, and restore it to its condition. Well may the preparation be called the

Its force is never expanded, as is the case with opium, alcoholic preparations, and all other exci-tants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback-safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization; it will also remove depressions, excitement, a tendency to blush, sleeplessness, dislike of society,

INVIGORATING CORDIAL,

PURELY Vegetable in its composition. This invaluable Cordial is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful physicians, to be possessed of qualities the most beneficial in the diseases for which it is recommended; and hence, whilst it is presented to the public as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hœmorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites, or for Debility arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time, for females after confinement, abortion or miscarriage, this cordial cannot be excelled in its salutary effects; or in loss of muscular energy, irritability, physical
